

DRAW YOUR OWN UNICORN!

Step 1: Draw a U-shape for the head and add two large circles for the eyes. Draw two smaller circles inside the eyes for a cartoon look.

Step 2: Draw two triangle shapes above the head for the ears. Put these equally spaced apart. Add two small lines at the bottom of the U-shape for nostrils and two lines in the ears.

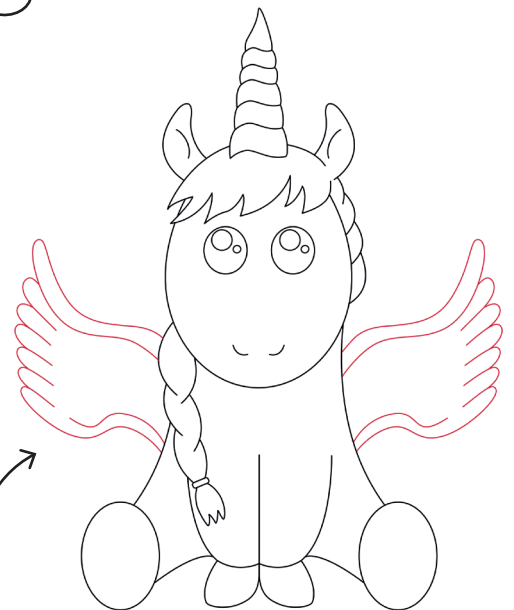

Step 3: Draw smaller circles between the ears, one on top of the other. Then add a pointy top for the horn. Add the fringe around the ears and horn to fill in the gaps. Be creative – it's only hair so it doesn't have to be perfect!

Step 4: Now for the legs – draw two large circles beneath the head and add three lines in the middle of the two circles. Join the three lines together at the bottom with a W-shape. Then add two curved lines a little higher to create the line of the hooves.

Step 5: Draw lines to connect the two circles to the head and the legs. Add a ponytail, if you like, by drawing small U-shapes along the head on one side, and down the body on the other. Again, it's hair so be creative!

Step 6: And now you have your unicorn! Feel free to add extra elements to the body if you like, such as wings or a tail. (To draw the wings, add two swirly lines on both sides of the body and join them up with long U-shapes, like fingers.) Then colour your unicorn in!
